

School Gardens During COVID-19

What to bring

- A **face mask or bandana** to cover your mouth and nose
- **Gloves**
- A **hand towel**

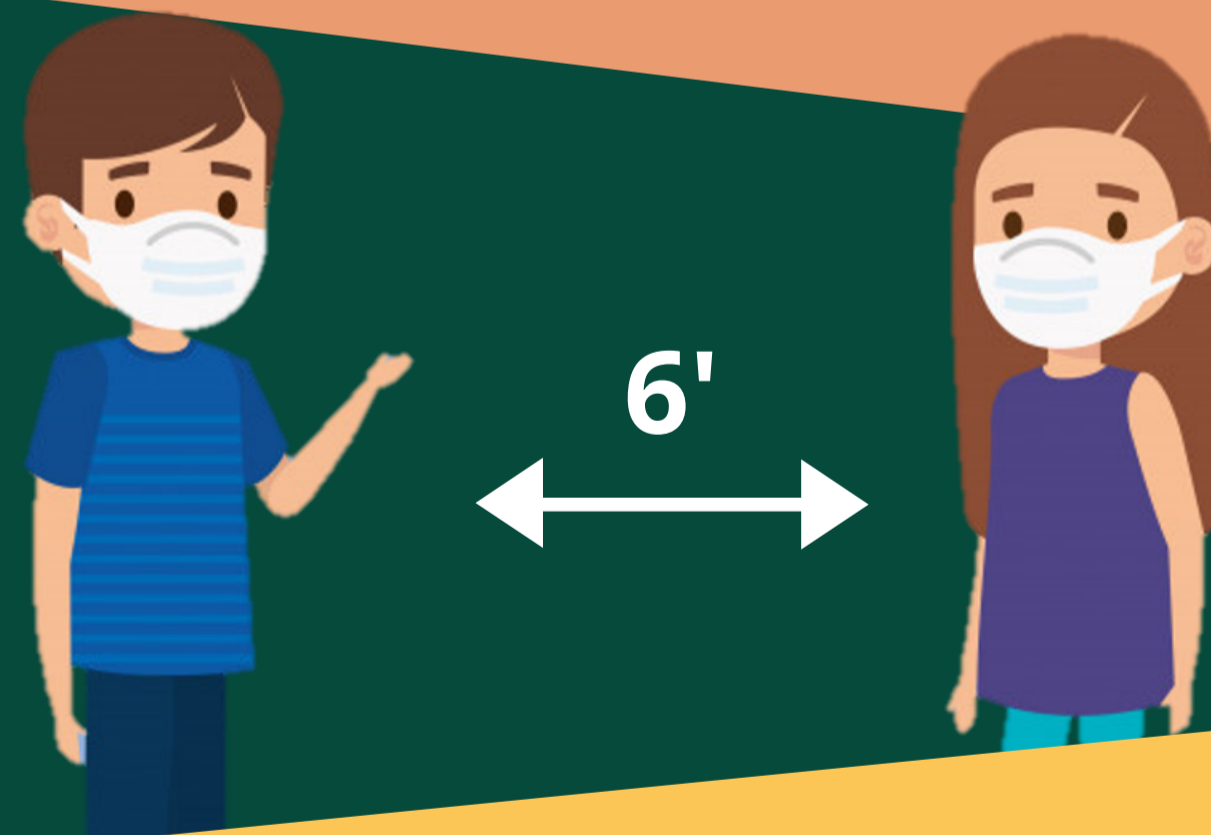

Before entering the garden

1. **Put on your mask** so it is covering your mouth and nose.
2. **Wash your hands.**
3. **Disinfect any gardening tools** you are planning on using with soap and water, or a disinfectant wipe.
4. **Identify designated entrance and exit regions** if necessary.

While you are working

1. **Keep a distance of 6 feet** between you and the other gardeners.
2. **If you need a drink or snack**, leave the garden area and consume in a designated "break zone".
3. **Wash your hands** after sneezing, coughing, drinking, or touching your face.
4. **Avoid touching your face** while working.

Before leaving the garden

1. **Disinfect any tools and equipment** you used while working with soap and water, or a disinfectant wipe.
2. **Wipe down surfaces**, such as door handles, you touched while working.
3. **Wash your hands.**
